

Grey Squirrels

Post treatment advice sheet

Please read & keep for future reference

As you are aware we have set traps in your property to eradicate the squirrel nuisance. You may hear the traps going off, If you do, please do not try to check them yourselves.

Contact us straight away on 020 8314 2262 or on the mobile number provided by our technician between 08:00 and 15:30 Mon to Fri. The technician will decide if he needs to visit you straight away or on the agreed follow up appointment date. If we do not hear from you, we will visit again on the date arranged with our technician.

Most treatments will take 3 visits and last for a period of up to 3 weeks, extra visits will be at the technician's discretion. You will be advised on the frequency of these visits but once the traps have been removed the job will be closed.

Having dealt with squirrels that have gained access to building, action should be taken to prevent others from entering these same areas. Crushed wire netting, metal sheeting or other suitable materials can be used to block any entry points. It is important that all access routes are identified but no proofing be done until it can be confirmed that no squirrels remain within the building.

Baffles attached to rainwater down pipes or cables and wires may assist in reducing access to roof spaces.

However, the climbing abilities and ingenuity of squirrels should not be underestimated. The removal of tree branches, which are in close proximity to walls and roofs, will eliminate potential access routes.

Avoiding the spillage and availability of bird or pet foods will assist in reducing attraction to squirrels. The use of squirrel-proof bird feeders may help in this respect. Our technician may be able to advise you further.

Please note the fee paid is for 3 visits and applies to both domestic & commercial treatments.

The traps remain the property of the London Borough of Lewisham and if we are unable to retrieve these within 2 weeks of the agreed final visit you will be invoiced for the cost of them.

Our technician will agree with you the follow up visit dates. Please make a note of these, if any appointment is missed this will count towards your visits. So please let us know well in advance if you cannot keep any given appointment. We require 1 working days notice to cancel or change any appointment or you may lose that appointment and/or forfeit the fee.

Further visits under the original fee will be at our discretion. You will be asked to contact Call point on 020 8314 7171 to arrange further treatments once the job is closed.

LEWISHAM COUNCIL PEST CONTROL RESERVES THE RIGHT TO WITHDRAW FROM TREATMENTS IF ANY ADVICE GIVEN IS NOT FOLLOWED UP.
