Dear Mr Regan,

Lewisham Development Management Local Plan - Proposed Submission

Thank you for the opportunity to comment on the Lewisham Development Management Local Plan - Proposed Submission Version. The below constitutes an offer level response to the consultation.

Officers feel that there are no strategic concerns that warrant formal objections being made on the document and are broadly in support of this local plan for a neighbouring borough.

We continue to seek further opportunities for future collaborative working on planning documents and believe that the opportunities made available to influence the

development of this document to date, have met the requirements placed upon the Boroughs of Greenwich and Lewisham to meet the duty to co-operate under S33A of the Planning and Compulsory Purchase Act (PCPA) 2004 (as amended) in the process of preparing Local Plans.

Yours sincerely,

Catherine McRory,

Asst Spatial Strategy Manager
